

**Environmental science major.
Investment banker.
Proud veteran.**

Let's chat about what you're into, and where you see yourself.

At Goldman Sachs, we believe who you are makes you better at what you do. For us, it's all about bringing together people who are curious, collaborative and have the drive to make things possible for our clients and communities.

The Investment Banking team plays a key role in that. The Investment Banking Division delivers high-quality strategic advice and creative financing solutions to our clients, including mergers, acquisitions, financing or risk management transactions. Our work includes advising a company on a cross-border merger, structuring the initial public offering of a subsidiary, refinancing an outstanding bond and more.

Interested? We'd love to meet you – join us at our upcoming Goldman Sachs IBD Summer Analyst Insight Day for an opportunity to explore the financial services industry and become familiar with the firm's business, history and culture, and meet professionals within the Investment Banking division.

Goldman Sachs
