Hadjer Abir Bensaha

Majors: International Business and Marketing

Minors: Leadership & Management, Entrepreneurship, and Technical Sales

Expected Graduation: Spring 2022

Hadjer Abir Bensaha is a spirited young woman who loves life and has ambitious goals in mind. In 2016, she came from Algeria to pursue her life in the US. She is majoring in International Business and Marketing. Her minors are in Leadership & Management, Entrepreneurship, and Technical Sales. Hadjer works at Walmart and has a great appreciation for her job and the people she associates with there including both her co-workers and customers. Her father's desire to see the world has rubbed off on Hadjer and she hopes to travel the world by the time she's 50. She is always up for adventures whether it be in education, traveling, or getting to know more about people she meets.

Favorite Huntsman Experience

My Global Learning Experiences to Peru 2019 and London 2020 were the best trips of my life.

Favorite Faculty Member

Lecturer [Lianne Wappett](#) is one of my favorite faculty members in the Business school. She has been so helpful and encouraging. She listened to me several times has played the role of a mentor. She empowers me to dare mighty things and keep up with my dreams.

Why Huntsman/USU?

I chose Utah State University mainly to be closer to where my family migrated to. I was planning to get my associates degree at USU then go to another university in another state. After experiencing the classes and programs in the Huntsman School, I decided to further my studies here and take every possible opportunity that can improve me.
