Beta Alpha Psi Reaches Out to Boy Scouts - January 2013

Beta Alpha Psi members recently conducted a highly successful service event for 82 Boy Scouts and their scoutmasters educating them about careers in accounting as well as taking them through the steps toward earning their personal management merit badge, one of the merit badges that is required to obtain the rank of Eagle Scout. This particular merit badge is one of the more difficult merit badges to earn because it requires budgeting and tracking personal income and expenditures.
